#### BACKGROUND AND HISTORY

On May 2, 2022, I purchased one acre of land in the Township of Tamale, Northern Ghana, where Abraham is currently teaching at the Kadua Elementary School. Our goal was to establish an academy and residence. He is certified by the Ghanaian Government as a Teacher, Headmaster and Superintendent. Abraham began clearing the land and constructing the foundation. We have managed the cost of construction, using funds from Abraham's meager salary and my social security and pension. Thus far, we have not received any donations or funds from other sources. Our building is near completion, we need to install the roof and plaster the inside of the building. The site will accommodate three classrooms and family quarters.

#### HEADMASTER ABRAHAM B. JAGBA

Abraham Jagba is my name, a teacher by profession. I have acquired my professional certificate with Jackson College of Education affiliated with the University of Education Winneba GHANA, where I was awarded DIPLOMA IN BASIC EDUCATION in 2016 and was posted as a professional teacher to Tantalala. Fast forward, I further up my education to upgrade myself to a degree holder with the University of Professional Studies (UPS). CURRENTLY in the education field, I'm Principal Superintendent (PS) as my Rank and therefore having an intention for starting up a Pre and primary school in Tamale, where i am a teacher at one nearby community by name KADUA under Nanton District. We have one acre of land at TAMALE to develop the school on it. The land was acquired in 2022

#### The Academy is dedicated to the Cheatham Family members for their kindness & love.
